

# COFFEE ESAM 6620

Bean to Cup Espresso/Cappuccino Maker

PRIMADONNA

Makes perfect espresso, cappuccinos, caffelatte or latte macchiato all at the touch of a button

[www.seriousaboutcoffee.com](http://www.seriousaboutcoffee.com)

- High performance 15 bar pump pressure
- Stylish stainless steel body
- De'Longhi patented 'single touch' milk carafe and frothing system to obtain real Cappuccino, Latte Macchiato and Caffelatte straight into the cup or glass, all at a touch of a button
- The milk carafe (1 litres) can be cleaned at a touch of a button and stored in the fridge when not in use
- Can be used with either fresh coffee beans or ground coffee
- Removable 1.8 litres water tank
- Full digital display with mirrored display
- Integrated professional burr grinder with 7 adjustable coarseness settings
- Adjustable quantities of coffee and water to make an individually tailored cup of coffee
- Electronic steam and coffee thermostat for accurate adjustable steam control
- Removable brewing unit for easy cleaning
- Automatic shut-off of machine after a pre-set time has elapsed
- Advanced dual boiler system (thermoblock), for the perfect espresso – one or 2 cups it will always be the same perfect temperature. The machine also uses a separate element for steam production to create delicious froth for cappuccinos, caffelattes or lattes macchiato
- Rinse and decalcification auto-programmes variable to reflect local water hardness
- Adjustable height of coffee dispenser to accommodate either full size or espresso cups
- Passive cup warmer
- Removable drip tray with water level indicator
- Optional water filter
